

The Inauguration of the Fraternity of San Masseo

Monastery of Bose at San Masseo (Assisi)

After the blessing of the monastery on 22 October 2011, on 10 March 2012 took place the **inauguration** of the fraternity of San Masseo in Assisi. It was meant as a sign of recognition and gratitude

Assisi, 10 March 2012

After the blessing of the monastery on 22 October 2011, on 10 March 2012 took place the **inauguration** of the fraternity of San Masseo in Assisi. It was meant as a sign of recognition and gratitude to all those who in various ways contributed to its realization: the mayor and the town administration, the bishop, the minister of culture, the technicians...

This deeply-felt gratitude was expressed through a talk by professor Salvatore Settis on "The significance of the restoration of the San Masseo complex for the civil community" in the morning and a concert by the cellist Mario Brunello, both old friends of the community, in the afternoon.

Recently br Rupert and br Davide were sent by the community as new members of the San Masseo fraternity, to join br Mauro, responsible for the fraternity, br Michele, and br Gioele.
